Emails to Eunice

Hi Eunice--

Just wanted to let you know how Juno and my first "C" trial went. 3 days of started at EveLynn's in California, the first 2 days with heavy winds, today perfect weather.

Juno did a nice job all 3 days, very consistent, but today gave me a near perfect run. The only points we lost were b/c the sheep were misbehaving and he had to work a bit harder on them near the end so didn't look as smooth as the rest.

He won the started class all 3 days, got Reserve High in Trial the 2nd and 3rd day, got a 96/100 on the 3rd day, and got the overall award for High Combined score over the 3 days.

He also finished his started "A" 2 weeks ago.

He is now: Juno vom Binderhaus: CD, RE, HT, HSAs, HSC, HCT, JHD (OFA H&E also)

Thanks for your help!

Cynthia

Downloading Pictures from Webshots

Here are some simple instructions on how to download pictures from Webshots in a more "usable" format ie jpeg ect.

Go to Webshots--find album--choose picture--then left click on picture--when larger picture comes on screen look to the right of the screen and left click "full size"--then with new picture in view (pause until picture adjusts size), right click on picture to get popup, then highlight and left click on --"Print Picture" or "Save picture as..." --then there's a window of options of locations to save picture to (prepare file to save to)--then left click on "Save"--then make screen picture disappear (back arrow at top of screen) --Go to chosen Folder/File and see pictures that can be copied/moved/printed ---
